Rash Of Burglaries Occur In Bay Area

There was a rash of breaking and enterings and thefts reported in the Bay St. Louis area Thursday night. Four private homes were broken into

as well as a high school and an automobile agency.

Burglars broke into the Louis Frey home at 1904 S. Beach Blvd. and stole a color TV set, a stereo and a table lamp.

A home at 105 St. Charles St. was broken into the same night and owners reported that a tape player and a box of tapes were taken. Another home at 107 St. Charles was entered but nothing was reported missing.

Also on Thursday Rev. D. M. Mounger's residence at 116 Ulman Ave. was broken into. Entry was gained by prying open a back door. Nothing was reported missing within the house.

Burglars broke into Bay Junior High School and stole \$50 in cash as well as damaging office equipment.

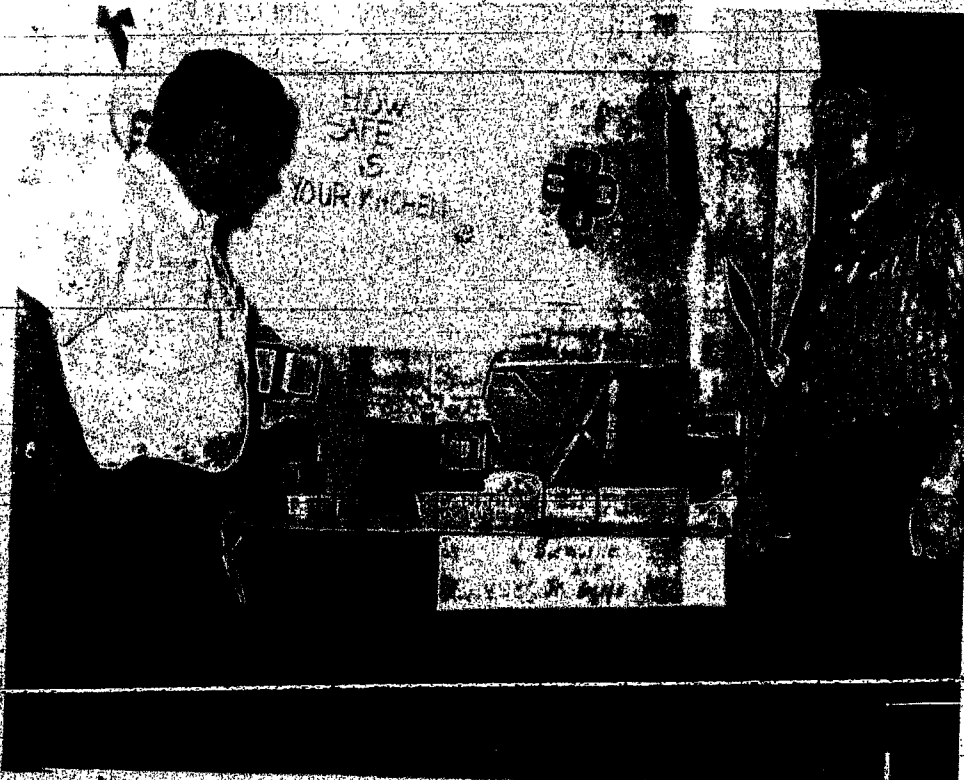

Also on Thursday, a 1972 Chevrolet pickup truck was stolen from Turan Lane on Highway 90. The truck was valued at \$4000.

Police are investigating evidence gathered from the above incidents.

Model Project Meeting Set

An announcement comes from Lucien M. Kidd, Hancock County coordinator for the Older American Areawide Model Project, of a general meeting of all interested persons, to be held at 8:00 p.m. on Wednesday, October 13, in the courtroom of the county courthouse, Main Street in Bay St. Louis.

The general public is invited, and particularly those interested in the problems of the aged.

HANCOCK COUNTY AGENT John Smith, left, and William Goodwin, assistant county agent, check exhibits at the county fair now going on at the National Guard Armory on the old Kiln Road. The fair will continue through Saturday night.

NASA Officials Visit Test Facility

Dr. James C. Fletcher, the new administrator of the National Aeronautics and Space Administration, paid his first visit to the Mississippi Test Facility here on Tuesday.

Dr. Fletcher's visit was preceded by a visit Tuesday by Dr. Werner Von Braun, associate deputy administrator, NASA headquarters. Other top

NASA officials with Dr. Fletcher and Dr. Von Braun included Dale D. Myers, associate administrator, Office of Manned Space Flight, NASA headquarters; and Dr. Eberhard Rees, director of NASA headquarters, Marshall Space Flight Center, Huntsville, Ala.

Dr. Rees and Jackson Balch,

MTF manager, briefed Dr. Fletcher on the changing concept of MTF. During a tour of the facility, Dr. Fletcher saw first-hand the present work to convert a portion of the facility once used exclusively for space flight, now being activated to environmental scientific research and development.

Dr. Fletcher and his party were also briefed on programs carried on by federal and state agencies and universities co-located at MTF. These briefings were presented by NASA's Earth Resources Laboratory, the Dept. of Interior's U.S. Geological Survey, the National Oceanographic and Atmospheric Administration's Marine Fisheries Service, National Data Buoy Center, National Weather Service, the Environmental Protection Agency, National Pesticide Monitoring Laboratory and representatives of the states of Louisiana and Mississippi.

Services Today For Lucien Gex Sr.

Lucien Marion Gex, 64, prominent local attorney, died at 8:30 a.m. Wednesday, October 6, in Hancock General Hospital.

A native and life-long resident of Bay St. Louis, Mr. Gex was the son of the late Walter J. and Amanda Von Gohren Gex. He was born September 24, 1907. A graduate of St. Stanislaus, Bay St. Louis, and Tulane University School of Law, New Orleans, Mr. Gex entered the practice of law in Mississippi in 1930 and was a member of the firm of Gex-Gex and Phillips.

Mr. Gex formerly served as attorney for the City of Bay St. Louis, Town of Waveland, Hancock County Board of Supervisors, Selective Service Board, as a member of the Mississippi House of Representatives and was elected first president of the Hancock County Chamber of Commerce.

Survivors include his widow, Mrs. Geraldine C. Gex, Bay St. Louis; two sons, Lucien M. Gex Jr., Waveland, and Gerald C. Gex, Bay St. Louis; a daughter,

LUCIEN GEX SR.

Mrs. Charles Dickinson, Bay St. Louis, grandchildren and two daughters. Funeral services will be held at 9:45 a.m. from the funeral home chapel followed by a Requiem Mass at 10 o'clock at Our Lady of the Gulf Catholic Church. Interment will be in St. Mary's Cemetery.

Funds Given For Football Equipment

Terry Randolph, football coach at Hancock North Central has informed The Sea Coast Echo, that the county school board has provided a loan of \$1,000 for the purpose of purchasing football equipment.

The recommendation to make the loan to the football department was made by the Hancock County Board of Supervisors at their meeting on Wednesday, October 6, 1971.

Supervisors Will Take Action Monday On Beach Road Repairs

The Hancock county board of supervisors, through board attorney Joseph Benvenuti has advised the state aid division of roads that the county will be ready Monday to take action on beach road repair.

At a meeting last Monday, Benvenuti advised the board of the state aid division of roads that the county will be ready Monday to take action on beach road repair.

Benvenuti said, he has signed or resolved in some way. Special consideration has been extended by state Bureau of Public Roads to schedule publication of bid advertisements for the beach road repair even though all easement rights have not been resolved.

A resolution by the Port and Harbor Commission to expand facilities at Gulf Central Airport Stennis Field to accommodate the shipping of livestock was approved.

The Hancock County Board of Supervisors also approved plans by the Port and Harbor Commission for the construction of livestock holding facilities at the airport. P & H officials have conferred with USDA representatives relative to sanitary facilities and holding pens for livestock in shipment from South and Central America through Stennis Field.

Michael Baker and Assoc. are to provide plans and specifications for the livestock facilities as well as proposed expansion of the airport administration building. A \$1,000,000 bond issue is being considered for the airport expansion.

Supervisors also instructed Hill to investigate the installation of cattle gates and fencing along the right of way of the Louisville and Nashville Railroad spur at Ansley Road.

Supervisors have been advised by the state Parks Division to initiate specifications for the development of Jackson Ridge Park, beginning with the clearing of grounds and roadways. A federal grant of \$162,000 has been received earlier for the development of Jackson Ridge into a complete public recreation area.

Dedeaux Disqualified As Election Candidate

by Adoree Shortle
Echo staff writer

Jerry Ladner, candidate for supervisor beat one and Oscar Peterson, candidate for supervisor beat three, had each filed objections with the election committee against eligibility of their respective opponents, H.G. Dean, Jr. and Hubert Dedeaux.

Following Ladner's earlier objections to the authenticity of voters' signatures on Dean's application for candidacy, election officials subpoenaed fifty signers to appear at the meeting.

H.G. Dean, Sr., defeated for the same post in the second primary, appeared at Thursday's meeting and submitted fifty notarized affidavits from each signer on his son's petition attesting to their intent and authenticity.

Since Ladner was not at the meeting therefore failing to present additional documentation supporting his objections, election officials passed a motion that H.G. Dean, Jr.'s petition for candidacy be certified, according to the submitted affidavits.

Exception taken to Dedeaux's petition was that Dedeaux's name did not appear on his petition when 52 signatures were taken, rendering the application illegal and invalid.

"Boogie" Dean, Sr., stated that he knew for a fact that the original petition was signed by voters having no knowledge of who the petition was for and that Dedeaux's name was inserted after all signatures had been recorded.

Kenneth Caron, election committee member, asked

(Continued on page 10A)

Caron Resigns From Election Commission

A member of the Hancock County Election Commission resigned Monday night following a stormy meeting over qualification of independent candidates for the general election. Kenneth Caron submitted the following letter of resignation to Jake Morreale, president of the commission:

Dear Mr. Morreale:

I find the events of the last couple of meetings very distressing and feel that I do not wish to be involved in any further business of this committee. With no reflection on any of the board members, my resignation is effective after the meeting of this date.

Respectfully,

Kenneth Caron

Caron's replacement on the commission has not been named.

Controversy over eligibility of two candidates for county supervisors in the coming general election brought a large attendance to a meeting of the Election Commission Thursday night.

County court house halls were filled with persons subpoenaed to appear for questioning as well as interested onlookers.

Officials Disagree Over Procedure

A proposal made by Mayor Warren Carver at Monday's council meeting that all bills and invoices due by the city be paid by the tenth of each month failed to be acted upon favorably by the city council.

Commissioner William Frisbie stated that his office could not possibly complete the processing of invoices for payment on that date. He announced that September's invoices could be approved by all three council members at the next regular meeting on October 13.

"An identical proposal made in November, 1970 by myself and Commissioner Andre Arceneaux to adopt a businesslike policy in the processing of monthly invoices was opposed at that time by Frisbie and has been completely ignored," Carver said.

When questioned about Carver's statement, Frisbie said that his office receives and processes an average of 150 bills every month. "I am in favor of the three council members reviewing the bills together at a meeting but it is not possible for my office to have all the invoices and bills ready for presentation on the fifth day of each month. I cannot comply with this procedure," Frisbie stated.

The bills are presented to the Mayor and Commissioners on an individual basis and each has time to review every bill. Mayor Carver's proposal would be that the bills be reviewed at a meeting of the commission council.

AUGUST SCAFIDI ANNOUNCES FOR JUSTICE OF THE PEACE POST 2 BEAT NO. 5 HANCOCK COUNTY

August Scafidi, Jr. (former youth councillor at Pascagoula, Mississippi)
Gerald Scafidi operates the Gulf Marina

JoAnn Scafidi, recently graduated from Bay High School, presently cashier at Scafidi Wheel Inn Restaurant U.S. 90.

I have also had 8 years experience as deputy sheriff, coached amateur boxing at Bay St. Louis High School, and am interested in youth development programs and the mental health programs, and will co-operate fully with all phases of community development programs.

MY PLATFORM IS

1. To fulfill the duties of the office.
2. To render fair-minded decisions under the law.
3. To sincerely assist the youth in their particular problem.

I feel that I am qualified to be fair-minded and conscientious, and can be of great benefit to the people of Beat No. 5, if permitted to serve you in the Office of the Justice of the Peace, Beat No. 5, Post No. 2.

YOUR VOTE AND INFLUENCE APPRECIATED

Sincerely,
August Scafidi, Jr.

(Ad. Pol. Adv.)

POLICE REPORTS

Bay St. Louis police received 57 calls in the period between September 29 and October 5. (See story on burglaries on page 1A.)

Mrs. Richard Necaise and her six-month old baby daughter were seriously injured in an automobile accident Tuesday morning on Highway 90 at Waveland Ave. Mrs. Necaise and the baby were taken for emergency treatment to Hancock General Hospital and immediately transferred to Oschner Foundation in New Orleans.

Bay St. Louis police and sheriff's deputies arrested two men following a fight in the Big Five Bar Sunday afternoon. Hilton Fairconnetue shot Jesse Montgomery, according to police, after Montgomery hit Fairconnetue with a bottle. Montgomery was admitted to Hancock General Hospital and both men were arrested on a charge of assault and battery with a deadly weapon. A hearing will be held in Peace Justice Nollus Rhodes' court. A purse containing \$400 in cash was stolen from Mrs. Celine Fairconnetue Tuesday morning, according to a police report. Mrs. Fairconnetue said she last saw the purse when she was in a doctor's office.

Housing Project Renovation Underway

The Bay St. Louis Housing Authority has underway a program of complete renovation on the 20-year old low-rent projects situated on Ballentine and St. Francis Sts. No major renovation work has been performed on these 30 units since their original construction. According to Earl Ramond, Housing Authority chairman, the dwellings have long been in need of repair but this is the first time, despite past requests, that federal funding has been available to initiate the renovation project. Ramond said \$175,000 has been granted in federal funds for the project.

The projects have been painted as well as new doors installed. New window and door frames are also planned and Mrs. Catherine Wimble, housing authority manager, stated that it is hoped there will be enough money to build large storage buildings at either end of the project, affording each tenant family individual storage spaces.

A complete face lifting will be effected on the interior of every home, Ramond said. Every unit will have a new water heater, stove and refrigerator, space heating system and all new kitchen cabinets.

Floors have been taken up and new tile will be laid as well as kitchen partitions removed, enlarging the food preparation area. Formerly, bedroom closets had no doors, so this is another innovation under construction. All new bathroom as well as lighting fixtures are planned and interior walls throughout each home will be painted.

As a final touch to improve and beautify the neighborhood, all grounds on both streets will be landscaped and off-street parking bays will be constructed.

Present tenants living in the units are being moved to empty units as theirs are under renovation.

hosing authority office will move each family back into its former unit. Work is in progress and ac-

MISS FLAME Contest began Tuesday night at the Hancock County Fair. The contest will be held from Tuesday through Saturday at 6 p.m. and the winner, Miss Flame of 1972, will be announced at 8 p.m. Saturday at the County Fair. Front Row, left to right: Cheryl Carlson, Deanna Demoran, Liza Thomas; Second Row: Anne Johnson, Sherri Vass, Terry Lagasse, Andrea Ladner; Third Row: Sherry Milan, Cathy Moran, Maydene Shiyou, Janice Lizana.

Mr. and Mrs. Douglas Groner of Bay St. Louis announce the birth of their second daughter, Michelle Lynn, born October 1 at Guyton Memorial Hospital. The baby weighed 6 lbs. 11 ounces.

Letters to the editor

Editor, Sea Coast Echo:

Every body needs milk but every body can't afford it. Milk is cheaper in Ala., Georgia, North Carolina, Va., W. Va. and just over in Jackson County it costs half what it does here in Hancock County.

Edith Rice
Pearlington, Ms.

Editor, Sea Coast Echo:

Our community should be pleased with the recent decision of the School Board to prohibit the drinking of alcoholic beverages during attendance at school sports events. These men deserve our full cooperation.

The betterment of our living area involves all of us. The U.S. Supreme Court may have difficulty defining pornography literature, however, I feel sure that all parents would agree on this: that much of the paperback novels being sold to young impressionable minds is indeed, very pornographic.

Some of these books are so recently so evil that the authors have not even revealed their names.

After reading this type of obscene material, many people become possessed by demon spirits, going on to drugs, devil worship and in many cases, to suicide. The Bible tells us "My people are being destroyed for lack of knowledge." (Hosea 4:6)

Due to this "flood of filth," a strong, yet subtle, Satanic inspired spirit is permeating minds with the thoughts that a perverse spirit is the "accepted norm," the right thing, the "in thing." Minds are being swayed that the normal and natural is wrong and the abnormal and unnatural is right. The Word of God states, "Woe, unto them

that call evil good, and good evil." (Isaiah 5:20). The Bible states the facts; read about some of today's happenings in the Book of Romans, Chp. 1, verses 24-27.

The youth of the world are searching for Truth. They desperately desire to know what is Truth? In Green Belt, Indiana, recently, our astronauts and space scientists were utterly amazed in their space exploration to find proof that the Bible is God's eternal, absolute, infallible Truth! Have you made this fantastic discovery? When we pray, we speak to God when we read His Word. He is telling us "I am God, and I am alive, and it is I who have created the universe." (Genesis 1:1)

Bay Upturn Making Municipal Improvements

by Adorée Shortle
Echo staff writer

A report from Bay Operation Upturn administrator John McKenna reveals a number of projects for municipal improvement now underway in Bay St. Louis, under Interim Assistance funding.

A program of utility system improvement has recently begun using city crews and equipment. The program involves the installation and/or repair of water and gas lines in a number of sections of the city where existing lines were either inadequate or required extensive repair.

A survey conducted several months ago in the city's main business district revealed that the city's existing buildings brought to light a high percentage of inadequacies and areas needing replacement.

The present project will start with the oldest lines, many of which are too small to carry the service required by increased population and usage, then work up to newer but inadequate water and gas pipes.

Another project by Upturn is the rehabilitation and development of the American Legion pier at the foot of Washington St. and S. Beach. A contract has been let to replace the roadway running to the end of the present pier, then to extend a broad boat dock and fishing facility another 143 feet out to deep water.

An arrangement with the contractor demolishing buildings at St. Stanislaus School and eventually St. Joseph's Academy will provide a breakwater of rip-rap running parallel to and on the north side of the main pier road. Eventually the area between will be cleared and dredged to create a small craft harbor with room for slips.

Upturn recently provided gravel, sand and materials for a concrete boat launch at the end of the present pier, with Bay St. Louis Jaycees providing the labor in preparation for the Jaycee (sponsored) Fishing Rods.

Plans are for the construction of a beach recreation facility to open the general public. There will be a public fishing pier and boat dock, slips, swimming area, bait and tackle shops, boat rentals, refreshment stands, sanitary facilities and picnic facilities on the beach.

Assistance in a proposed plan to move the city fire and police departments to Valena C. Jones school has been extended to the city through the utilization of IAP funds, McKenna said.

A major decision on the part of the city administration to upgrade the two departments by creating a centrally located site at the school promulgated the need for additional funding for renovation on a wing of the school to accommodate each department.

Tentative plans drawn by an architect showing building modifications have been approved by the state fire marshal in Jackson. The next step is preparation of a bid package for advertisement.

A letter from Mayor Warren Carver dated September 14, referring to "conflict of aims and objectives concerning use of the building" has placed a temporary halt to any further action on the projected move.

Plans and specifications are being held in abeyance pending determination by the Mayor as to when, if ever, the fire and police departments will be moved from the present inadequate quarters.

Urea is satisfactory on all except extremely high pH soils for use as a top-dress application on row crops or clean growing sod crops like cereals and summer annual grasses.

For topdressing permanent pastures, urea only when the oil surface is dry and enough rain to leach the material into the soil is expected within a few days.

Urea can be used in the soil at planting time for winter grazing crops and as a topdressing in the late fall, early winter and early spring. Urea is not usually satisfactory in mid-winter as temperatures are usually so low that urea is converted to the nitrate form very slowly.

Urea is satisfactory on all except extremely high pH soils for use as a top-dress application on row crops or clean growing sod crops like cereals and summer annual grasses.

Trumpets In The Morning

by Perry D. Neal, Pastor
First Baptist Church, Bay St. Louis

The solution to worry, as the solution to every problem, is getting Jesus Christ down deep inside your personality. Paul said, "The life which I now live in the flesh I live by the faith of the Son of God." He did not say that his faith was directed toward the Son of God in some spiritual abstract sense, but that he was literally living his physical life, here and now, by the presence of the Son of God in him. In other words, Christ was living in and through him.

Jesus never worried. He was concerned; he was interested. But perfect trust in his Father's ability to do all things well delivered him from worry, even at the death hour. In the midst of adversity, many Christians today are living a life consistently free from worry, because the presence and peace of mind that Christ has personally infused into them through the new birth has made the difference.

One can win over worry by positive thinking. Norman Vincent Peale says, "A positive thinker does not refuse to recognize the negative. He merely refuses to dwell upon it." Philippians 4:6 tells us, "be careful for nothing; but in every thing by prayer and supplication with thanksgiving let your requests be made known unto God."

Philippians 4:8 continues the same thought. "Finally, brethren, whatsoever things are true, whatsoever things are honest, whatsoever things are pure, whatsoever things are lovely, whatsoever things are of good report; if there be any virtue, and if there be any praise, think on these things." Positive thinking cannot save one; only Christ can do that; but

many Christians need to develop a positive mind - free from worry by the truths of these dynamic Scripture passages. Worry can be conquered as one forgets the failures of yesterday and gets started on the opportunities of tomorrow. Paul said it so well, "I press toward the mark for the prize of the high calling of God in Christ Jesus." Yesterday is a canceled check; tomorrow is a promissory note; today is cash in hand. Use it wisely. The person who lives in the past or in the future will never grasp the opportunities of today.

Let the Holy Spirit implant the truth of Matthew 6:33 deep in your soul. "But seek ye first the kingdom of God and His righteousness; and all these things shall be added unto you." When Jesus said to seek first the kingdom of God and His righteousness and all of these things shall be added unto you, he did not mean to totally ignore the reality of a modern life, like the little boy in Mad magazine with a smile from ear to ear, who says, "Who, me worry?" No, he is saying, "I acknowledge my problems; I acknowledge my need; but I also acknowledge that there are things my Heavenly Father can do for me that I cannot do for myself."

Jesus said, "Be of good cheer, or literally, 'Cheer up!' In this world you shall have tribulations, but I have overcome the world." And, "Greater is he that is in you, than he that is in the world." Let Him bear your burdens; let Him solve your problems; for He is our burden bearer-yea, He is our peace. He will give you a positive mind. A mind that is stayed on Him is free from worry.

Philippians 4:8 continues the same thought. "Finally, brethren, whatsoever things are true, whatsoever things are honest, whatsoever things are pure, whatsoever things are lovely, whatsoever things are of good report; if there be any virtue, and if there be any praise, think on these things." Positive thinking cannot save one; only Christ can do that; but

Colling's Corner

By E.S. Colling
City-County Library Writer

A few miles west of Bay Saint Louis lies a flat and barren area along the banks of the east Pearl River and Mulatto Bayou which once figured largely in the history of Mississippi as the home of the State's most eminent political and historical writer, J. P. H. Claiborne.

Hundreds of years before the coming of the white man, Indians had roamed over this land of oaks and piney woods, and had villages there, and had built several of their familiar mounds. One of these, a huge mound now eroded almost to the level of the surrounding flat land, stood the small plantation house of "Laurel Wood," which Claiborne bought in 1819.

The house was built on brick pillars, joined together by iron bars which formed a compound in which, in earlier days, slaves from ships which docked in the Pearl River were held.

Claiborne's nearest neighbor was Major Andrew Jackson, whose home was a small house atop another much smaller mound also on Mulatto Bayou but close to the mouth of the Pearl River. Jackson's home is still standing, but of "Laurel Wood," only traces of crumbling brick remain. Apparently the two men got on well together; they planted their lands with sea island cotton and immediately started receiving handsome profits which relieved Claiborne of the debt he had contracted previously while living in New Orleans.

Soon his one hundred slaves were producing some eight hundred pounds of cotton per acre and his annual income was six thousand dollars. He also raised large crops of sweet potatoes, peas and other vegetables, which were to come in handy a few years later when he supplied food to virtually the entire population of Bay Saint Louis during the Civil War.

The site of Laurel Wood and Jackson's Landing is a study in contrasts. Only a few miles from Fort Pike, adjacent to the Rigoles, and on deep water at the mouth of Pearl River, it undoubtedly was a busy and interesting place during the first half of the nineteenth century. Ships of all sizes landed there almost daily, with cargo for the Pearl River plantations. It was within eyeshot of the desperate battle between British and American small boats just prior to the Battle of New Orleans, and there was constant traffic with Bay Saint Louis and the plantations. During the Civil War it witnessed the troubles between Claiborne and some of the people of the district which forced him to send his wife and daughters to live in Natchez while he stayed to defend the plantation and maintain order.

Who is making plans to explore the local plantations and well as Claiborne's home and a great many other interesting places in the area?

Waveland Notes

BAY JUNIOR high cheerleaders for this year are clockwise: Christy Thomas; Sharon Kidd - Co-captain; Michele Mastio; Missy Cameron, mascot; Terri Lagasse; Diane Edwards and Deborah Edwards, Captain.

Mr. and Mrs. E. Ferrell and family spent Sunday in New Orleans visiting with their son-in-law and daughter, Mr. and Mrs. Larry Edmonds.

Sgt. David Gowen was home on a thirty-day leave visiting family and friends. Sgt. Gowen is married to the former Kay Ferrell and they have two children, Paul and Christy. He left on Saturday for Taiwan where he is stationed.

A surprise stork shower was given in honor of Mrs. Larry Sterling on Sunday afternoon by Mrs. Ray Kepler and Mrs. Gilbert Newman Jr. The shower was held at the home of Mrs. Kepler in New Orleans. Games were played and cake and refreshments were served.

Visitors to Waveland Sunday were Mr. and Mrs. William Waller of Picayune. They were guests of the McJ. Wendlings.

Miss Blackwell Weds Mr. Gardache

First Baptist Church was the setting at 1 p.m. Saturday for the wedding of Miss Patricia Ann Blackwell, daughter of Mr. and Mrs. Maxie L. Blackwell of Bay St. Louis, and David Andrieu Gardache, son of Mr. and Mrs. Elmore Lloyd Gardache of Chalmette, La.

Rev. Perry D. Neal, pastor, performed the double ring ceremony. Mrs. Elma Joubert, aunt of the bridegroom, organist, played the traditional wedding marches.

Given in marriage by her father, the bride wore a street length dress, fashioned with a white nylon bodice, rounded neckline, long sleeves and a pale pink satin skirt. White satin ribbons were entwined in her hair and she carried a nosegay of pink and white carnations.

Attendants were Mr. and Mrs. James (Zeke) Hunter, brother-in-law and sister of the bridegroom.

Following the ceremony a reception was held at the Hunter home in Waveland.

The bride's table, overlaid with a white linen cloth, was centered with a three-tiered cake trimmed with roses and topped with the traditional bride and groom ornament.

For her wedding trip to Panama City, Fla., the bride chose a blue two-piece suit trimmed in white.

Waveland Parade Set

All the pomp and circumstance of a typical New Orleans style parade is planned for the 6th Annual Krewe of Nereids parade. February 6, 1972 at 2:00 p.m. The 1972 theme will remain a secret until after the spectacular invitation-only ball.

The Waveland Nereids parade will consist of nine professionally designed and constructed floats. Immediately following the Nereids floats will be the Krewe of Hancock, sponsored by the Krewe of Nereids, which will consist of commercial, school and individual floats. The public is invited to enter floats in the Krewe of Hancock. For additional information, write to Scleren, Inc., P.O. Box 111, Waveland, Miss. 39576.

NOTICE OF SPECIAL ELECTION OF ELECTRIC FRANCHISE CITY OF BAY ST. LOUIS, MISSISSIPPI

Notice is hereby given to the qualified electors of the City of Bay St. Louis, Mississippi, that a special election shall be held in the City of Bay St. Louis, on Tuesday, the 2nd day of November, 1971, on the following proposition:

PROPOSITION

Do you approve or disapprove of the action of the Commission Council of the City of Bay St. Louis, Mississippi, in adopting an ordinance entitled, "AN ORDINANCE GRANTING AN ELECTRIC FRANCHISE TO MISSISSIPPI POWER COMPANY, ITS SUCCESSORS AND ASSIGNS, IN THE CITY OF BAY ST. LOUIS, MISSISSIPPI," whereby an electric franchise was granted to Mississippi Power Company, its successors and assigns, as per the terms of said ordinance which was adopted by the Commission Council on the 4th day of October, 1971.

Said election will be held at the usual voting places in all precincts of the City of Bay St. Louis, Mississippi.

Said polling places will be open from the hour of seven o'clock A.M. until the hour of six o'clock P.M. on said day. All qualified electors may vote at said election.

Said special election will be held pursuant to a Resolution of the Commission Council, adopted on the 4th day of October, 1971, giving a special election for the approval or disapproval of a majority of the qualified electors of the City of Bay St. Louis, Mississippi, of the action of the Commission Council in adopting an ordinance entitled, "AN ORDINANCE GRANTING AN ELECTRIC FRANCHISE TO MISSISSIPPI POWER COMPANY, ITS SUCCESSORS AND ASSIGNS, IN THE CITY OF BAY ST. LOUIS, MISSISSIPPI."

A copy of said ordinance is set forth below in full, and is also made a part hereof by reference.

Done by order of the Commission Council of the City of Bay St. Louis, Mississippi, this 4th day of October, A.D. 1971.

Wm. M. Frisbie
Clerk of the City of Bay St. Louis, Mississippi.

(SEAL) **ORDINANCE GRANTING AN ELECTRIC FRANCHISE TO MISSISSIPPI POWER COMPANY, ITS SUCCESSORS AND ASSIGNS, IN THE CITY OF BAY ST. LOUIS, MISSISSIPPI**

BE IT ORDAINED by the Commission Council of the City of Bay St. Louis, Mississippi, "governing body" of the City of Bay St. Louis, Mississippi:

SECTION 1. In consideration of the benefits that will accrue to the City of Bay St. Louis, Mississippi, and the inhabitants thereof, (herein called "Municipality"), and of the payment by Mississippi Power Company, (herein called "Grantee") to the Municipality of a sum of money equal to three percentum (3 percent) per year of the total revenue of the Grantee from the sales of electric energy, excepting therefrom sales for resale and sales in interchange of energy with others, within the corporate limits of the Municipality, or the sum of Three Hundred Dollars (\$300.00) per year, whichever is the greater, payable quarterly on or before thirty days following the close of each calendar quarter during such period as the Grantee operates in said Municipality, but not to exceed twenty-five (25) years from the effective date of this Ordinance, Municipality does hereby grant to and vest in the Grantee, its successors and assigns, the right, authority, easement, privilege and franchise to construct, erect, suspend, install, renew, repair, maintain, operate and conduct in the Municipality as it now exists or may hereafter be extended, a plant or plants and system for the generation, transmission, and distribution of electric energy for all purposes whatsoever.

Section 2. Municipality does hereby give and grant to, and vest in, Grantee, its successors and assigns, the further right, authority, easement, privilege and franchise to construct, erect, suspend, install, renew, repair, maintain, operate and conduct in the Municipality a system of poles, towers, conduits, cables, conductors, transforming stations, fittings and all appliances or appurtenances necessary or desirable to the transmission, distribution, or sale of electric energy for all purposes whatsoever in, over, under, along, upon and across all streets, avenues, alleys, ways, bridges, and public places in the

Municipality as they now exist or may hereafter be laid out or extended, together with the further right, privilege and franchise to construct, erect, suspend, install, renew, repair, maintain and operate such poles, towers, conduits, cables, wires, conductors, transforming stations, fittings and all appliances and appurtenances necessary or desirable to the transmission within, into, through, over, and beyond the Municipality and to the inhabitants and corporations both within and beyond the limits thereof, electric energy for lighting, heating, power and all other purposes for which electric energy may be used now or hereafter, and for the purpose of extending its lines and furnishing electric energy beyond the limits of the Municipality.

SECTION 3. The poles, towers, conduits, cables, conductors, transforming stations, fittings, appliances and appurtenances shall be so constructed as not unreasonably to interfere with the proper use of the streets, avenues, alleys, ways, bridges and public places in the Municipality and shall be maintained all in a reasonably good condition and repair.

SECTION 4. Whenever the Grantee shall cause any opening or alteration to be made in any of the streets, avenues, alleys, ways, bridges or public places of the Municipality for the purpose of installing, maintaining, operating, or repairing any poles, towers, conduits, cables and other appliances, the work shall be completed within a reasonable time and the Grantee shall upon the completion of such work restore such portion of the streets, avenues, alleys, ways, bridges or other public places to as good condition as it was before the opening or alteration was so made.

SECTION 5. The Grantee shall hold the Municipality harmless from any and all liability or damages resulting from the negligence of the Grantee in the construction, maintenance, or operation of its poles, towers, conduits, wires, cables and other appliances.

SECTION 6. The Grantee may from time to time, declare, make and enforce reasonable rules and regulations as to conditions for the sale and distribution by it of electric energy to any person, firm, or corporation, not, however, in conflict with or repugnant to the jurisdiction of the Public Service Commission of Mississippi under the provisions of Chapter 372, Mississippi Laws of 1956, as amended.

SECTION 7. In the event the supply of electric energy shall be interrupted or fail by reason of accident, or otherwise, beyond the control of the Grantee, the Grantee shall restore the service within a reasonable time and such interruption shall not constitute a breach of this franchise, nor shall the Grantee be liable for damage by reason of such interruption or failure.

SECTION 8. Wherever in this Ordinance either the Municipality or the Grantee is named or referred to, it shall be deemed to include the respective successor, successors or assigns of either, and all rights, privileges and obligations herein conferred shall bind and inure to the benefit of such successor, successors, or assigns of the Municipality or of the Grantee.

SECTION 9. This franchise is in addition to and supplemental to any and all such rights as the Grantee may have by virtue of the provisions of Chapter 372, Laws of Mississippi of 1956, as amended, and any other section of the Mississippi Code of 1942, as amended, and its acceptance and exercise by the Grantee shall never be construed as a waiver nor abandonment of nor as a limitation upon the rights now vested in or being exercised by the Grantee under any statute or law of the State of Mississippi. Nor shall the granting of this franchise be construed or operate to abridge, impair, or deny the validly held rights of any other distributor of electric energy within the Municipality, or portion thereof, by virtue either of a franchise from the Municipality or a certificate of public convenience and necessity issued pursuant to Chapter 372, Laws of Mississippi of 1956, as amended.

SECTION 10. The rights hereby granted shall become effective upon the passage of this Ordinance and continue for a period of twenty-five (25) years thereafter.

SECTION 11. If any clause, provision or section of this

Ordinance is illegal, or is not embraced within the title hereof, or is not cognate to the subject expressed in the title, the remaining provisions hereof shall not be thereby affected but shall have full force and operation.

SECTION 12. The Grantee shall pay the Municipality the cost of publishing this Ordinance according to law and also the cost of holding an election for the approval or disapproval by the qualified electors of the Municipality of this Ordinance.

SECTION 13. This franchise is in lieu of and supercedes a franchise granted to Grantee by the Municipality by Ordinance dated February 17, 1947, recorded in Minute Book 5, pages 552-555, and Ordinance Book 3, pages 339-341 of the Municipality, which, upon the effective date of this Ordinance, shall, by mutual consent of the parties thereto, be no longer in force and effect.

SECTION 14. This Ordinance shall not become effective until it is duly passed by the governing body, published as required by law and approved

by a majority vote of qualified electors of the Municipality voting thereon, at a special election duly called and held as required by law.

The within and foregoing Ordinance, having been introduced in writing and read by the Clerk at a regular meeting of the Municipality and having thereafter remained on file with the Clerk for public inspection for a period of at least two weeks before the first passage or adoption thereof was read and considered by the governing body in the form in which it was introduced and upon motion of Commissioner Arceneaux, duly seconded by Mayor Carver, that it be adopted, a final Yes and Nay vote was taken which resulted as follows:

Voting Yea: Warren Carver, Mayor; Andre Arceneaux, Commissioner; Wm. M. Frisbie, Commissioner.

Voting Nay: None.

Whereupon, the motion was declared carried and the ordinance declared adopted.

APPROVED this 4th day

of October, 1971.

Warren Carver
MAYOR

Attest: Wm. M. Frisbie

Where Does United Fund Money Go?
Girl Scouts-Gulf Pines Council
This organization, nearly three hundred strong, with its excellent training and character building program for today's youth, is one of the member agencies of the Hancock County United Fund.
One of the very important programs, born out of the Camille disaster is called "survival." Following the hurricanes in 1959, it became evident we had weak points in the area of endurance - survival. Know-how, what hardships, no air conditioning, no T.V. - It showed how soft we had become. Many stories have been told of the difference in girls who had had a scouting background, and those who did not, and how they handled themselves through certain situations. A new event for the Gulf Pines Council has been born as a result, and we hope in some way that it will better equip girls for emergencies. It has been named "Survival Event," and the period allowed in preparation for it is two years. During this time girls will be offered backpacking trips, karate, riflery, first-aid, senior life-saving, courses in survival, and emergency communications. The climax of all this will be the Survival Event. Any girl scout can begin when she is fourteen years old or older and when she is sixteen years of age, she may apply for this event IF SHE WANTS TO. The purpose is to get the girls knowledgeable in these different things. A patrol of eight senior scouts will be chosen to live in the wilderness for three days - as a test of "survival fitness."
An excellent example of scouting service through the years are the senior girl scouts of Troop No. 123. In their earlier beginning as Junior Scouts they began their first community project under the leadership of Mrs. John Longo and Mrs. Alva Rahn. They made Christmas gifts and served refreshments to the students of the college. These girls were given a grant.
Hancock County was the first county in Mississippi to be granted permission to initiate a program of housing for the elderly, under federal funding assistance," according to Lucien Kidd.
Kidd said that the Title III program involves a five-year project which will provide as well as housing for senior citizens, recreational facilities and other services necessary to the well-being of the elderly residents of the county. The federal government has authorized a grant of \$381,000 for the project, to be available to Hancock County for approximately \$1,000 in county matching funds.
Nicholas Haas, chairman of the Jaycee committee for the project appeared before three governing bodies requesting their support to strengthen a Jaycee appeal to an engineering firm for help in funding the project.
Haas said that Coast Electric suggested that installation of the necessary lights would cost approximately \$220,000, and about \$100 monthly to operate and maintain.
According to Haas, specifications for the project would be submitted to the engineering firm of Ware and Lewis of Jackson, in the hope that the company will enlist the financial aid of some agency or organization to defray the project cost.

Bay Fire Chief Conducting Drills
A program of fire prevention education and disaster drills is being conducted at North Bay Elementary School in Bay St. Louis.
Last Thursday, Bay Fire Chief Edgar Ladner and assistant firemen Floyd Page conducted the school's first fire drill in cooperation with school principal Billy Sills.
Ladner and Page brought the city's fire truck to the school on standby, as children were instructed on fire-drill procedure. Five rings on the school bell announced the fire drill as teachers and children poured out of the school rapidly and orderly. Chief Ladner stated that 678 children and about 40 staff members cleared the school in seconds. Within that time, teachers had led their classes down the nearest away from the school and were waiting outside.
Ladner was highly complimentary on the success of the drill and the organization evinced by the school staff. He said, "Mr. Sills and his staff did an excellent job of organizing the drill and coordinating with the fire department, and the children are to be especially commended."
According to Sills, a fire drill will be held on a once a month basis at the school from now on to come at varying times. Other plans for disaster as well as fire protection, and education include two hurricane and tornado drills a year for the children and a nuclear fallout drill a minimum of once a year.
A program of Civil Defense education has begun in the sixth grade, with two periods a week devoted to "Civil Defense structure and information. Sills said his hope is to eventually expand the CD education to each of the second grade level.
Maps and other visual materials are supplied free to the schools through the state department of education.
Last week North Bay first and second grade students also had a program on Fire Prevention, in which a film was shown and work sheets correlated with a class discussion on the topic were utilized.

Lighting Project
Hancock County and the cities of Waveland and Bay St. Louis have adopted resolutions supporting a Bay St. Louis Jaycee project to install lights on the highway 90 neutral ground between the Bay bridge and Waveland Ave.
Nicholas Haas, chairman of the Jaycee committee for the project appeared before three governing bodies requesting their support to strengthen a Jaycee appeal to an engineering firm for help in funding the project.
Haas said that Coast Electric suggested that installation of the necessary lights would cost approximately \$220,000, and about \$100 monthly to operate and maintain.
According to Haas, specifications for the project would be submitted to the engineering firm of Ware and Lewis of Jackson, in the hope that the company will enlist the financial aid of some agency or organization to defray the project cost.

POST 208 Explorers of Bay St. Louis went on a camping trip to the first Boy Scout campsite of the Vee-Bar Ranch in North Hancock County. The Explorers worked as a service unit of the tending the campsite. They performed the first flag raising on the new camping area. The explorers at Conrad Howe, Mike Magee, David Johns, Terry McGinty, Hector Gonzales, Ralph Harris, Richardson, David Trelles, Randy Krankey, and Mike Chevils. Leaders that attended were Al Vetter, Billy Power, Cecil Powell and Ronald Thomas.

Mrs. Sofie Burg, who underwent surgery at Hancock General Hospital last Thursday, is reported doing nicely and is expected to be discharged the latter part of the week.

Hancock County was the first county in Mississippi to be granted permission to initiate a program of housing for the elderly, under federal funding assistance," according to Lucien Kidd.
Kidd said that the Title III program involves a five-year project which will provide as well as housing for senior citizens, recreational facilities and other services necessary to the well-being of the elderly residents of the county. The federal government has authorized a grant of \$381,000 for the project, to be available to Hancock County for approximately \$1,000 in county matching funds.
Nicholas Haas, chairman of the Jaycee committee for the project appeared before three governing bodies requesting their support to strengthen a Jaycee appeal to an engineering firm for help in funding the project.
Haas said that Coast Electric suggested that installation of the necessary lights would cost approximately \$220,000, and about \$100 monthly to operate and maintain.
According to Haas, specifications for the project would be submitted to the engineering firm of Ware and Lewis of Jackson, in the hope that the company will enlist the financial aid of some agency or organization to defray the project cost.

Where Does United Fund Money Go?
Girl Scouts-Gulf Pines Council
This organization, nearly three hundred strong, with its excellent training and character building program for today's youth, is one of the member agencies of the Hancock County United Fund.
One of the very important programs, born out of the Camille disaster is called "survival." Following the hurricanes in 1959, it became evident we had weak points in the area of endurance - survival. Know-how, what hardships, no air conditioning, no T.V. - It showed how soft we had become. Many stories have been told of the difference in girls who had had a scouting background, and those who did not, and how they handled themselves through certain situations. A new event for the Gulf Pines Council has been born as a result, and we hope in some way that it will better equip girls for emergencies. It has been named "Survival Event," and the period allowed in preparation for it is two years. During this time girls will be offered backpacking trips, karate, riflery, first-aid, senior life-saving, courses in survival, and emergency communications. The climax of all this will be the Survival Event. Any girl scout can begin when she is fourteen years old or older and when she is sixteen years of age, she may apply for this event IF SHE WANTS TO. The purpose is to get the girls knowledgeable in these different things. A patrol of eight senior scouts will be chosen to live in the wilderness for three days - as a test of "survival fitness."
An excellent example of scouting service through the years are the senior girl scouts of Troop No. 123. In their earlier beginning as Junior Scouts they began their first community project under the leadership of Mrs. John Longo and Mrs. Alva Rahn. They made Christmas gifts and served refreshments to the students of the college. These girls were given a grant.
Hancock County was the first county in Mississippi to be granted permission to initiate a program of housing for the elderly, under federal funding assistance," according to Lucien Kidd.
Kidd said that the Title III program involves a five-year project which will provide as well as housing for senior citizens, recreational facilities and other services necessary to the well-being of the elderly residents of the county. The federal government has authorized a grant of \$381,000 for the project, to be available to Hancock County for approximately \$1,000 in county matching funds.
Nicholas Haas, chairman of the Jaycee committee for the project appeared before three governing bodies requesting their support to strengthen a Jaycee appeal to an engineering firm for help in funding the project.
Haas said that Coast Electric suggested that installation of the necessary lights would cost approximately \$220,000, and about \$100 monthly to operate and maintain.
According to Haas, specifications for the project would be submitted to the engineering firm of Ware and Lewis of Jackson, in the hope that the company will enlist the financial aid of some agency or organization to defray the project cost.

Bay Fire Chief Conducting Drills
A program of fire prevention education and disaster drills is being conducted at North Bay Elementary School in Bay St. Louis.
Last Thursday, Bay Fire Chief Edgar Ladner and assistant firemen Floyd Page conducted the school's first fire drill in cooperation with school principal Billy Sills.
Ladner and Page brought the city's fire truck to the school on standby, as children were instructed on fire-drill procedure. Five rings on the school bell announced the fire drill as teachers and children poured out of the school rapidly and orderly. Chief Ladner stated that 678 children and about 40 staff members cleared the school in seconds. Within that time, teachers had led their classes down the nearest away from the school and were waiting outside.
Ladner was highly complimentary on the success of the drill and the organization evinced by the school staff. He said, "Mr. Sills and his staff did an excellent job of organizing the drill and coordinating with the fire department, and the children are to be especially commended."
According to Sills, a fire drill will be held on a once a month basis at the school from now on to come at varying times. Other plans for disaster as well as fire protection, and education include two hurricane and tornado drills a year for the children and a nuclear fallout drill a minimum of once a year.
A program of Civil Defense education has begun in the sixth grade, with two periods a week devoted to "Civil Defense structure and information. Sills said his hope is to eventually expand the CD education to each of the second grade level.
Maps and other visual materials are supplied free to the schools through the state department of education.
Last week North Bay first and second grade students also had a program on Fire Prevention, in which a film was shown and work sheets correlated with a class discussion on the topic were utilized.

Given Grant
Hancock County was the first county in Mississippi to be granted permission to initiate a program of housing for the elderly, under federal funding assistance," according to Lucien Kidd.
Kidd said that the Title III program involves a five-year project which will provide as well as housing for senior citizens, recreational facilities and other services necessary to the well-being of the elderly residents of the county. The federal government has authorized a grant of \$381,000 for the project, to be available to Hancock County for approximately \$1,000 in county matching funds.
Nicholas Haas, chairman of the Jaycee committee for the project appeared before three governing bodies requesting their support to strengthen a Jaycee appeal to an engineering firm for help in funding the project.
Haas said that Coast Electric suggested that installation of the necessary lights would cost approximately \$220,000, and about \$100 monthly to operate and maintain.
According to Haas, specifications for the project would be submitted to the engineering firm of Ware and Lewis of Jackson, in the hope that the company will enlist the financial aid of some agency or organization to defray the project cost.

SUBSTITUTED TRUSTEE'S
NOTICE OF SALE

WHEREAS, on the 20th day of
October, 1967, Moreson
Development Company, Inc.
and Gary T. Gilmore, as
Grantors, executed and
delivered a certain deed of trust
unto A. Y. Harper as Trustee,
for Standard Life Insurance
Company, as Beneficiary, to
secure a certain indebtedness,
which deed of trust is recorded
in Book 122 at Pages 112-115,
Records of Mortgages and
Deeds of Trust on Land, Han-
cock County at Bay St. Louis,
Mississippi; and

WHEREAS, said deed of trust
authorized the appointment and
substitution of another trustee
in the place and stead of the
trustee named in said deed of
trust, and Standard Life In-
surance Company of Jackson,
Mississippi, appointed and
substituted Robert G. Gillespie,
JR., as trustee in the place and
stead of A. Y. Harper; by
Substitution of Trustees dated
September 17, 1971, and duly
recorded in the Office of the
Chancery Clerk of Hancock
County at Bay St. Louis,
Mississippi, in Book 124 at Page
112-115, Records of Mortgages
and Deeds of Trust on Land, Han-
cock County at Bay St. Louis,
Mississippi; and

WHEREAS, there has been a
default in the performance of
the terms, conditions and
provisions of said deed of trust
by said Grantors, and in ac-
cordance with the terms and
provisions of said deed of trust,
the entire indebtedness secured
thereby has been declared due
and payable by Standard Life
Insurance Company the present
holder of the indebtedness
secured thereby, and the said
Substituted Trustee has been
requested to execute said trust
by foreclosing said deed of
trust.

NOW THEREFORE, I,
ROBERT G. GILLESPIE, JR.,
SUBSTITUTED TRUSTEE,
will on the 25th day of October,
1971, offer for sale and sell at
public auction at the front door
of the Court House of Hancock
County, Mississippi, at Bay St.
Louis, Mississippi, within legal
hours, to the highest and best
bidder for cash, that property
lying and being situated in
Hancock County, Mississippi,
which is more particularly
described as follows, to-wit:

Commence at the point of
intersection of the line common
to Ranges 13 and 14 West, St.
Stephens Meridian, with the
northerly boundary of the right
of way of U.S. Highway 90,
which point of intersection is
marked by an iron pin and turn
thence South 88 degrees 51'
West and run along the
afore said northerly boundary of
U.S. Highway 90 265 feet to a
point marked by an iron pin,
which is the point of beginning
of the parcel of land being
hereby conveyed, thence N 89
degrees 12' E 184.8 feet along
the Northerly margin of U.S.
Highway 90 to an iron pin for
the Southeast corner of subject
parcel; thence N 24 degrees 45'
West 130.0 feet to a point for the
Northeast corner of subject
parcel; thence S 51 degrees 12'
West 200.0 feet to an iron pin for
the Northwest corner of subject
parcel; thence S 41 degrees 45'
East 124.2 feet to the point of
beginning.

Nothing in this Ordinance
shall pertain to the use of cast
nets or brail nets.

This Ordinance shall take
effect and be enforced from and
after sunrise on the 8th day of
October, 1971, and that the
Executive Secretary of this
Commission be, and he is
hereby directed to make
publication of this ordinance, in
a newspaper or newspapers
having general circulation in
the counties of Harrison,
Hancock and Jackson as
prescribed by law.

Adopted, this 2nd day of
August, A.D., 1971.

Michael D. Haas
ATTEST:
Tommy D. Quinn
EXECUTIVE SECRETARY
10-7-71

STATE OF MISSISSIPPI
COUNTY OF HANCOCK
NOTICE OF TRUSTEE'S
SALE

WHEREAS, on the 19th day of
May, 1966, Mrs. Sara Maubert
Cresap executed a deed of trust
to J. Ruble Griffin, Trustee, to
secure an indebtedness therein
mentioned to Peoples Federal
Savings and Loan Association of
Bay St. Louis, Mississippi,
which deed of trust is duly
recorded in Vol. 114, pages 591
Records of Mortgages and
Deeds of Trust on Land, Han-
cock County, Mississippi; and

WHEREAS, default having
been made in the payment of
said indebtedness and the said
Peoples Federal Savings &
Loan Association, the legal
holder of said indebtedness
having requested the under-
signed trustee to foreclose
on said deed of trust for the
purpose of paying said in-
debtedness and costs;

NOW THEREFORE, I will on
the 2nd day of November, 1971,
within legal hours offer for sale
and sell to the highest bidder for
cash at the front door of the
Hancock County Courthouse in
Bay St. Louis, Mississippi, the
following described real
property located in Hancock
County, Mississippi, and more
particularly described as
follows, to-wit:

Lots 38 and 39, of the Felicity
Subdivision, First Ward, City of
Bay St. Louis, Hancock County,
Mississippi, as per map or plat
of said subdivision on file in the
office of the Chancery Clerk of
Hancock County, Mississippi.
I will convey only such title as
is vested in me, as trustee.

ADVERTISED, POSTED
AND DATED this 27th day of
October, A.D. 1971.

J. RUBLE GRIFFIN,
TRUSTEE
10-7, 10-14, 10-21, 10-28-71

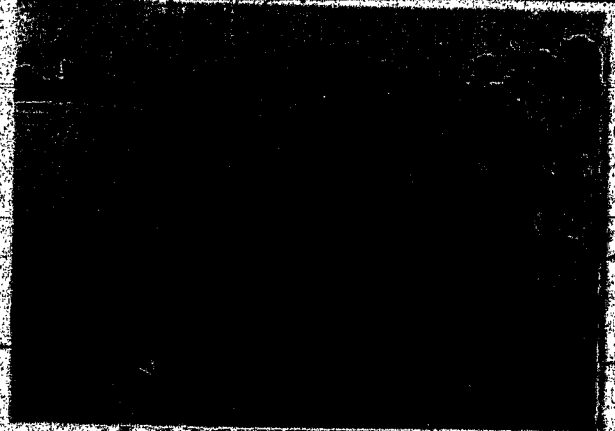

CAUSE NO. YC-205
YOUTH COURT SUMMONS
THE STATE OF MISSISSIPPI
TO Edward Peter Luc, 2445
Florida Avenue, Apt. C,
Kenner, Louisiana; and Mrs.
Mable Hanesghan, 3200 Music
Street, New Orleans, Louisiana.

You are summoned to appear
before the Youth Court of the
County of Hancock in said State,
at the Hancock County Cour-
thouse, Bay St. Louis,
Mississippi on the 20th day of
October, A.D. 1971, to show
cause why a default should not
be entered against you in the
above entitled cause.

Given under my hand and the
Seal of the Youth Court of Han-
cock County, Mississippi, this
27th day of October, A.D. 1971.

Two Budgets Submitted To Supervisors

Budget requests for the fiscal year ending September 1972 were submitted to the board of supervisors Monday by sheriff-elect Sylvan Ladner, and county tax assessor and collector George Heitzmann.

Ladner stated that his budget total of \$20,308 for the nine month period is considerably less than that of his predecessor's as under the new state laws governing sheriffs department expenditures, fees previously collected by or paid to the sheriff will now go directly to the county.

Total budget figure for the office of tax assessor and tax collector, as submitted by Heitzmann was \$35,578.10, showing an increase in expenses, since as of January 1972 the tax assessor will take on the additional duties of tax collector, formerly a part of the sheriff's department.

P.P. & K

Winners

Named

Local first place winners in the punt, pass and kick competition sponsored by Rusty Smith Ford held at Tiger Stadium last Saturday will travel to Mobile this Saturday for the zone contest. All first place winners are urged to contact Bill Carbone at Rusty Smith Motors by 5 p.m. Friday to make arrangements for the trip.

First, second and third place winners in each age bracket are:
Eight year olds - Shannon Corr, Max Rasbury, Roy Willett
Nine year olds - Kelly Geroux, Melvin Barnes, Ed Murtigh III
Ten year olds - Gary Sotak, Kelly Geroux, Jeff Gex
Eleven year olds - Kerry Corr, Kirk Folse (no third place winner)

Twelve year olds - Mark McCarthy, Donald Carr, Donald Thomas
Thirteen year olds - William Smith, Robert Cochran, Alan Lagarde
These winners will receive trophies at Bay High's homecoming game on October 10.

First place winners will leave Rusty Smith Ford at 7 a.m. Saturday for the trip to Mobile.

Mrs. Edmond Blaize spent Sunday in Violet, La., with her mother Mrs. Ashley Henderson who was recently discharged from Hotel Dieu, New Orleans, where she was a patient for several weeks.

Echo Publishes Shopping Guide

Dear Shopper:

The people of the Mississippi Gulf Coast deserve the benefits of shopping for the best bargains on the Gulf Coast.

In order to make known the tremendous bargains that coast area merchants have to offer, the Sea Coast Echo is publishing a bargains shopper once a week.

What shopper would decline to take advantage of a bargain? How about a coast-wide collection of bargains? The merchants of the coast area operate on the principle of putting real value and savings into a shopping trip.

More than eight thousand homes and businesses in the communities of Pass Christian, Long Beach, and West Harrison County will receive FREE each week a copy of THE BARGAIN SHOPPER. This advertising medium will offer the advertiser a combined circulation with The Sea Coast Echo and the Bargains Shopper of over 13,000 circulation. Broken down into readership it will reach approximately 52,000 readers each week.

Banquet Honors Lipton Team

Members of Bay-Waveland Yacht Club turned out in large numbers Saturday evening to honor the winning Lipton Regatta team at the celebration banquet in the Yacht Club dining room.

Commodore Bill Whitfield introduced Commissioner William Frisbie who presented the Yacht Club with a Resolution passed by the Mayor and Commissioners, commending BWYC sailing team for their outstanding success in this year's regatta and for bringing honor and distinction to the City of Bay-St. Louis.

A key to the City was presented by Mr. Frisbie to John Christensen, team captain. Also presented the Club was a Resolution from the Hancock County Chamber of Commerce congratulating them on honors received during the year.

Echoes

Mrs. Victor Colson spent the weekend in New Orleans with her son and children in Fabiana. She was accompanied by her law and daughters Mr. and Mrs. Weoley Hoke Jr. and Mr. and Mrs. Johnny McCannan.

Mr. and Mrs. John Damborino visited over the weekend with their son-in-law and daughter Mr. and Mrs. Douglas.

Fire Drill

Held At
Murphy School

Charles B. Murphy School in Pearlinton held its first fire drill Monday assisted by the Pearlinton Volunteer Fire Department and fire trucks from Global Assoc., a company based at the Mississippi Test Facility.

Conducting the drill were Captain A. L. Carter and Mrs. Ann Treddin of the volunteers and Linsey Purvis and Tom Eldridge firemen from MTP. Ed Breland, principal of the school and George Cleary were on hand as the 200 students closed windows and doors and cleared the school in 47 seconds.

Fire drills are being conducted through Hancock County in conjunction with National Fire Prevention Week. A "Miss Flame" contest will be held at the Hancock County Fair with contestants from each school. The candidate from Murphy is Miss Andrea Ladner, daughter of Mr. and Mrs. George Ladner. Miss Ladner will also represent the Pearlinton volunteers.

President Re-Elected

Mrs. Edna Poolson was re-elected president of Edwardville Extension Homemakers Club when the group met last Tuesday afternoon in the home of Mrs. Darrell Favre.

Others named to office were Mrs. Robert Murphy, vice president, Mrs. Darrell Favre, treasurer, and Mrs. Kenneth Fucich, secretary. Mrs. Poolson will serve as publicity chairman and Mrs. Fucich telephone chairman.

Mrs. Poolson read a letter on Safety in the home. Plans to enter items in the County Fair scheduled for October 4-6 were discussed.

Three new members, Mesdames Clarence Moran, Marvin Ladner, and Ethel Breaux, were introduced.

The new officers will be installed at the Oct. 12 meeting to be held in the home of Mrs. Darrell Favre.

Mrs. Poolson closed the business session with the thought of the month, "Friendship is the Highest Degree of Perfection in Society."

Members

Will Honor

Pastor

The First Missionary Baptist Church, Sycamore and Third Streets, will celebrate the First Year Anniversary of their pastor, Rev. Lawrence Collins, Sr., with an appreciation program Friday night and Sunday afternoon.

Services Friday, October 8, will begin at 7:30 p.m. Rev. E. L. Bax, pastor of the First Missionary Baptist Church, Handsboro, and the Greater Pleasant Valley Baptist Church, Picayune, will be the guest speaker.

Services Sunday, October 10, will begin at 2:30 p.m. Rev. C. M. Holloway, pastor of the First Missionary Baptist Church, Biloxi will be the guest speaker. Friends of Rev. Collins are invited to participate in the services, and to bring members of his congregation.

Pre-School Programs Offer Many Opportunities

Waveland's St. Clare's School is offering, for the fourth consecutive year, an exceptional learning program for pre-schoolers, aged 3 1/2 through 5 years.

Mrs. Corinne Bontemps begins her third year as instructor-supervisor of St. Clare's Nursery School program, which emphasizes positive attitudes through informal learning experiences and "discipline" through understanding.

"We concentrate on emotional and social growth," Mrs. Bontemps explained, "and we do this through the development of self-awareness, and several other approaches including exposure to community living, to the beauties of creation, to helping and sharing."

Youngsters must reach their fourth birthday before January 1, 1972, in order to be accepted.

St. Clare's nursery program, which meets daily from 8:30 to 11:30 a.m. in St. Clare's School, South Beach Blvd., Waveland. Children may be enrolled on a two-days-a-week basis.

St. Clare's Kindergarten teacher, Mrs. Anne Shippey, said her five-year old pupils as "symphonies of movement and sound."

"Our program," she explained, "encircles all the traditional subject matter such as reading, writing, math and science, but in a unique way, based on what we know about the child at this stage of his life."

The children also are exposed to social studies, language, arts, recreation, health and physical education.

"We try to promote the child's health and physical development," Mrs. Shippey said, "and also to broaden his social contacts, to cultivate his

foundation in the three R's, to provide opportunities for communication and language development, to provide opportunities for the child to develop his sense of responsibility. In general, we try to provide him with a rich environment for living, thinking and learning."

Kindergarten also meets half-days. No uniforms are required for youngsters enrolling in nursery, but Kindergarteners

must comply with St. Clare's regulations regarding uniforms. Further information may be obtained by calling the school between 8:30 a.m. and 3:00 p.m.

SPORTS

Pirates Overcome Hawks In Fourth Quarter, 16-8

The Pass High Pirates broke a fourth quarter tie to defeat the Hancock North Central Hawks 16-8 last Friday night at Hancock North Central.

Mike Wells did all of the scoring for the Pirates, starting with a 25 yard touchdown run in the first quarter. Wells also carried the ball for the successful two point conversion that gave the Pirates an 8-0 lead at the end of the first period.

The Hawks' only touchdown of the evening came on an 8 yard sweep by Bruce Staten. The

Hawks tied the game when Staten again ran the ball for a two point conversion.

The tie remained unbroken until Mike Wells scored his second touchdown after a fourth quarter drive that put the Pirates inside the Hawks' ten yard line. Wells added two on the point after, making the final score 16-8.

This was the third win for the Pirates who are now 2-3. The Hawks are 1-4.

Hancock North Central Coach Terry Randolph was optimistic about the future of his team. In

PICTURE NEEDED!
If anyone has a picture of Forster Commager, Brother Aquin Gauthier at St. Stanislaus would like to borrow it to have a print made from it. Brother Aquin may be contacted at 487-9057.

BOARD MEETING
Bay-Waveland Garden Club Board will meet at 2 p.m. Monday, October 11, at the Garden Center, Leondard Avenue, with Mrs. Clarence Evans and Mrs. Edward Thompson as co-hosts.

GRID ACTION Friday night as the Hancock Hawks were defeated by the Pass Christian Pirates. (Photo by Bob Hubbard)

Weekend Grid Games Scheduled

THIS FRIDAY NIGHT

Bay High travels to Long Beach to meet the Bearcats. The Tigers are 4-1 and will be out to improve that record. However, two starters will not see action in that game. Ronald James (LB) and Jimmy Pencilario (FB) have both been sidelined with injuries.

The Rock-a-chaws will go to Pass Christian to take on the

Pass High Pirates. This is the first time these two teams have met in football and it should prove to be one of the better rivalry games in the area. The Rocks are now 1-3 while the Pirates are 2-3.

ON SATURDAY NIGHT

The Hancock North Central Hawks will play St. John's at Milner Stadium in Gulfport. This is on Saturday night.

DO YOU HAVE A DRINKING PROBLEM?
Alcoholics Anonymous meet Mondays and Thursdays, 8:00 P.M., Main St., Methodist Church.

For the family of the problem drinker, Al-Anon meets Mondays, 8:00 P.M., St. Augustine's Cafeteria.

Representative Bill DeSilvey
PEARLINGTON, MISS. 393-7113

Ellen Eagan Wins Bourbon Trophy

ten skipperettes vied for top honors in a seven race series October 3 and 4 at Bay-Waveland Yacht Club.

Saturday's four race eliminations determined the top five to compete Sunday for the final three races.

Saturday results were:
First race - Mimi Eagan, Ann Stieffel, Elizabeth Chapman, Ellen Eagan, Mary Kergosien.
Second race - Cindy Stieffel, Chris Stieffel, Kay Kergosien, Sally Stieffel, Anne Chapman.
Third race - Mimi Eagan, Ellen Eagan, Mary Kergosien, Ann Stieffel, Elizabeth Chapman.
Fourth race - Cindy Stieffel, Kay Kergosien, Anne Chapman, Sally Stieffel, Chris Stieffel.

Tension was high and competition strong as the girls raced to the finish Sunday afternoon with the following results: First Race - Kay Kergosien, Cindy Stieffel, Mimi Eagan, Ann Stieffel, Ellen Eagan. Second Race - Ellen Eagan, Mimi Eagan, Cindy Stieffel, Kay Kergosien, Ann Stieffel. Third Race and total points - Ellen Eagan, 13 1/2; Ann Stieffel, 7; Mimi Eagan, 10; Cindy Stieffel, 9; and Kay Kergosien, 8 1/2.

Following the final race Bay Bourbon trophy was presented to Ellen Eagan, top skipperette of Bay-Waveland Yacht Club for 1971.

This trophy was donated to the Yacht Club in 1951 by the Bay Bourbons, a local organization of young men, to stimulate interest in racing among the girls from Bay-Waveland Yacht Club.

AUGUST J. SCAFIDI

CANDIDATE FOR JUSTICE OF THE PEACE

BEAT NO. 5, POST NO. 2

HANCOCK COUNTY, MISSISSIPPI

QUALIFIED FAIRMINDED CONCIENIOUS

(PAID FOR BY FRIENDS OF AUGUST SCAFIDI)

Getting less than \$12.50 per cord (Stumpage!)

for your green pine timber?

interpine's *complete* utilization practices can result in better profits on your timber

interpine has found many landowners selling quality timber for \$4 to \$5 per cord. They could be earning much more.

At interpine, we buy many sizes of timber for our treating plant and sawmill. Even small poles and piling, not just the larger sizes. Here's an example:

Recently interpine and its producers went back over a 400-acre tract on which all the poles had just been cut by one of our competitors. When this operation by our competitor was complete, interpine went in. We cut only small-pole timber. The owner realized \$4000 in additional profits—profits he hadn't counted on—from our operations. That's an extra profit* of \$10 per acre.

*Yes, we mean profits! We cut approximately 500 cords, from which the landowner realized \$6000. If it had not been for our operations this production would have gone into pulpwood at \$4 per cord. The difference, \$4000, was added profit to the landowner.

For best profits, of course, you should contact interpine before cutting any timber from your land.

But, if you have any percentage of timber suitable for small poles or piling, or large poles or sawlogs, we'll be happy to look at your timberland, cruise it and make you an offer. Chances are we can offer you a better price, even up to \$12.50 per cord for quality products.

All inquiries treated confidentially. Call or write us today.

Rocks Handed Third Defeat

The Ocean Springs Greyhounds handed the Rocks their third loss last Friday night by defeating them 39-14 at Rock-a-chaw Stadium.

The Greyhounds were first on the scoreboard after a six yard run by fullback Keith G. Ould gave them their first touchdown of the evening. The point after Pennell was good, making the score 7-0.

The Greyhounds next score came midway into the second period when halfback Henry Farne powered his way into the end zone from the Rock-a-chaw six. The point after attempt failed. A one yard run by Jerry Frenin gave the Greyhounds their third touchdown. The point after attempt failed, giving Ocean Springs 19.

Rusty Allen took the ensuing kick off at his own five yard line and raced up the sidelines 95 yards for the first Stanislaus touchdown. David Worrel passed to his tightend, Jerry Wiggins for a successful two point conversion, ending the half, 19-0.

The Greyhounds opened the scoring in the second half with a 34 yard Mike Bruno pass to Farmer for a TD. Bruno then

threw to Jennings for the two point conversion.

A hand-off to James Moore resulted in a broken play that Moore was able to save by powering his way six yards to the end zone for the last Stanislaus score of the game.

The Greyhounds added two more touchdowns in the last period. The first was a 24 yard Pennell pass to Farmer. The second was a Newkirk 7 yard run. Both points after attempts failed, ending the game 39-14.

Tigers Shutout Harrison Central

Coach J. E. Louacano's Tigers shutout the Harrison Central Red Rebels last Friday night at Tiger Stadium.

The Bay High defense was largely responsible for the victory as they allowed only 68 yards passing and pushed the Rebels back a negative 40 yards rushing, giving the Rebels net yardage of only 28 yards. The Tiger defense led by George Goodwin, (Wes McFarland, Gilbert Whavers, Larry Beular, Alex Jordan, and Willie Thomas, dumped the Rebel quarterback six times behind his own line of scrimmage.

Two Gary Blatze passes to Mike Lymel and one Blatze to Collins pass were good for touchdowns, but all three were called back because of infractions. (Offensive holding and illegal receiver).

The first real score of the game was on a 35 yard Sam

Piazza field goal in the fourth quarter. The next Tiger score was set up by a punt return by Willie Thomas. The touchdown came on a four yard keeper by Blatze. Piazza's point after was good.

The last Bay High touchdown was set up when Wes McFarland blocked a kick. Blatze threw to McFarland on a 25 yard pass play that ended in a touchdown. The point after attempt failed, ending the game 16-0.

While many areas of the country experienced little or no industrial growth in 1970, Southeast Mississippi enjoyed significant progress. Last year 11 new industries chose to locate here. When in operation these new industries will provide 1500 jobs with an annual payroll of \$10½ million. Expansions announced at 38 existing industries in 1970 will add 4000 more jobs and \$28 million in payrolls. So far in 1971, 2500 jobs have been announced with payrolls totaling \$19 million. It looks like another banner year of industrial growth.

Because of its abundant resources—both natural and human—Southeast Mississippi continues to set the pace for economic growth in the State.

Mississippi Power Company is an "industry" itself. It contributes significantly to the local, area, and state economies by its purchase of goods and services, by providing employment opportunities and payroll dollars, and by paying taxes to every level of government.

As a citizen, we fully recognize the importance of new industrial growth and maintain a staff of industrial development engineers who work full time with local, area, and state development organizations... working together for the betterment of the communities we serve.

St. Clare's Topples Tiny Rocks

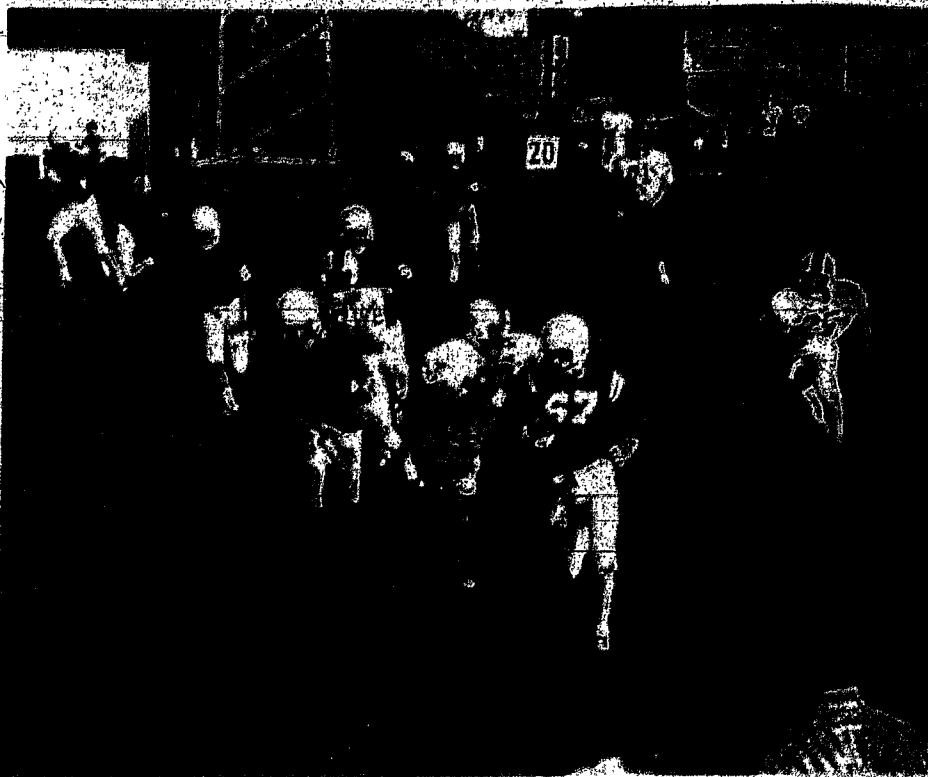

The Saint Clare's Football team won its opener over a mighty St. Stanislaus team 12-6 at Rockaway stadium on Tuesday, Sept. 20.

The game was a tough defensive battle with neither team penetrating the 30 yard line during the first half. Neither team seemed able to move the ball as at halftime St. Clare's had only 16 yards total rushing to St. Stanislaus' 16.

The second half opened like the first with each team trading the ball after one series of downs. About midway through the third quarter, however, halfback Reggie Fayard scored on a 32-yard end sweep to put St. Clare's on the scoreboard. The point after touchdown was unsuccessful, but the Warriors led 6-0. Toward the end of the third quarter, Reggie Fayard again scored as he intercepted a pass at the 43 yard line and scampered to the end zone.

Once again the extra point failed but St. Clare held the lead 12-0.

During the fourth quarter, both teams seemed stalled and couldn't move the ball until, with 14 seconds left to play, Arthur Scaffidi threw to Marty Lyons who went 49 yards for the score. The point after touchdown was good which gave St. Stanislaus eight points. The final gun sounded with the score St. Clare's 12 and St. Stanislaus 8. Standouts for St. Clare's were Reggie Fayard with two touchdowns and two fine punt returns and David Handshoe who led the team in tackles with eight from his defensive end position. Linebacker David Turcotte blocked a punt during the early minutes of the game.

CARRYING THE ball is Greg Fucich, 67, half-back for St. Clare's. St. Clare's defeated the Tiny Rocks of St. Stanislaus.

RETIRED PERSONS

The Gulf Coast Chapter of the American Association of Retired Persons will meet in the Gulfport auditorium of the Mississippi Power Company, Monday, October 11, at 9:30 a.m. The power company will serve coffee to the early arrivals. Entertainment will include a musical group and a showing of slides of the Christus Gardens. All persons fifty-five and over are invited.

CHANCERY SUMMONS

THE STATE OF MISSISSIPPI, TO THE HEIRS AT LAW OF CARLTON H. RICHARD, SR. AND MRS. OLIVIA S. RICHARD, BOTH DECEASED, AND ALL OTHER PERSONS HAVING OR CLAIMING ANY RIGHT, TITLE OR INTEREST IN AND TO THE PROPERTY DESCRIBED AS FOLLOWS: Lots 42 through 45 of Block 24, and Lots 14 through 22 of Block 24, all of Waveland Highlands Subdivision, and Lots 14 and 15 of Block 22, Highland Park Subdivision, Town of Waveland, Hancock County, Mississippi, all as per plat of said subdivisions on file in the office of the Chancery Clerk, Hancock County, Mississippi.

You are summoned to appear before the Chancery Court of the County of Hancock, in said State, on the Fourth Monday of October, A.D. 1971 to defend the suit No. 11,487 in said Court of Carlton H. Richard, Jr.

The same being a suit to place heirs in possession of said land above described wherein you are a defendant.

This 28th day of September, A.D. 1971.

(SEAL) Marie E. Quintini, Chancery Clerk, Lila Taylor, D.C. 9-30, 10-7, 10-14, 10-21-71

STATE OF MISSISSIPPI HANCOCK COUNTY

Administrator's Notice to Creditors

Of Victoria K. McGathen. Letters of administration having been granted on the 14th day of SEPTEMBER, 1971, by the Chancery Court of HANCOCK County, Mississippi, to the undersigned upon the estate of VICTORIA K. MCGATHEN, deceased, notice is hereby given to all persons having claims against said estate to present the same to the Clerk of said Court for Probate and registered according to law within six months from this date, or they will be forever barred.

This 14th day of SEPTEMBER, A.D. 1971.

ALVIN L. MCGATHEN, Administrator 9-23, 9-30, 10-7, 10-14-71

SUBSTITUTED TRUSTEE'S NOTICE OF SALE

STATE OF MISSISSIPPI HANCOCK COUNTY WHEREAS, on February 11, 1969, MRS. BETTY PARKER LEE, executed a Deed of Trust to JACQUELINE J. TUCKER, for the benefit of Gretna Finance Company, Inc., d-b-a Luckmore Finance of Gretna, which is recorded in Book 128, Pages 523-526, Records of Mortgages and Deeds of Trust on lands in Hancock County, Mississippi, and

WHEREAS, Joseph W. Gex substituted in the place and stead of the aforementioned Trustee, Jacqueline J. Tucker, by instrument dated July 19th, A.D. 1971, and recorded in Vol. 155, Page 89, Records of Mortgages and Deeds of Trust on land in Hancock County, Mississippi, and

WHEREAS, default having been made in the payment of the indebtedness secured by said Deed of Trust, and Gretna Finance Company, Inc., d-b-a Luckmore Finance of Gretna, the holder of the note and Deed of Trust having requested the undersigned substituted trustee so to do, notice is hereby given that I will, on Tuesday, October 26, 1971, offer for sale at public outcry and sell during the legal hours, between 11:00 A.M. and 4:00 P.M., at the main front door of the County Courthouse of Hancock County, Mississippi, for cash to the highest and best bidder, the following described property situated in Hancock County, Mississippi, to-wit:

Commencing at the Northeast corner of the NE 1/4 of the SE 1/4 of Section 15, Township 9 S, Range 15 West; thence South 33.6 feet to an iron; thence West 176 ft. to a corner fence post as a place of beginning; thence West 287.5 ft. along a fence line to an iron stake at an intersection of 4 fences; thence North 151.1 ft. along a fence line to an iron; thence Easterly 271.0 ft. parallel to the South line of the property described herein to an iron stake on a fence line; thence Southerly 151.1 ft. along a fence line to a place of beginning, said land containing 9.10ths of an acre, more or less, and being part of the NE 1/4 of the SE 1/4, Section 15, Township 9 S, Range 15 West, Hancock County, Mississippi.

Together with all and singular the rights, privileges, improvements and appurtenances to the same belonging or in anywise appertaining.

I will convey only such title as is vested in me as substituted trustee.

ADVERTISED, POSTED AND DATED, this 23rd day of September, A.D. 1971.

This 24th day of SEPTEMBER, A.D. 1971.

KANTCHA KETCHUM

By L. S. (Doc) Elliott

Another week of fishing under clear skies, normal temperatures and practically no rain. Some fish were caught somewhere but no records were broken. The tides were falling in the afternoon which made fishing water fishing good, with bass and perch being gotten. Water most everywhere is on the clear side. Speckle trout were caught here and there on the medium side. Plenty of red fish were found, but in the marsh. Among those catching them were J. C. Baxter, a party on Sam Fawcett's boat and others making outside trips.

Flounders were caught in Pearl River above the croaker hole, speckles and big croakers in upper and outer Campbell Bayou while bass and perch were found in inside waters around La France's Camp. Shirley are still scarce but are showing some improvement. Speckles are being gotten on small croakers and mullets when they can be found. Gene Leuder at the Pirates Cove said that live minnows are very effective for speckles and bass. He has them for sale out of the Kln Road at Bayou Lacroux.

Lawrence Cox has been catching some speckles and other salt water fish. He fishes mostly off the Highway bridge, and said they were doing pretty good over the weekend.

We are sorry we failed to mention the death of Sam Meyers in this column recently. Sam was one of our best fishermen and well known locally.

Zags Warner and her two brothers, Joe and Blackie Thibodeaux reported catching a large bunch of speckles, bull croakers, red fish and flounders last week in Bayou Caddy. She said they were hitting like nobody's business.

From other reports fish have been caught at the mouths of the three canals that empty into Bayou Caddy on the Lake Shore road. They were flounders, sheepshead, speckles and red fish. Even hard crabs are being caught there. It is a nice place to catch 'em if you like to fish from the bank. Dead shrimp and cut bait will do the trick.

Eddie Holmes was mingling with friends in the Bay. Eddie is President of Pass Christian Isles Golf Club and a ardent fisherman.

Red Reinkne when not running his big equipment loves to play golf. Among his golfing partners is Lucien Kidd and Russell Elliott. Russell will be back at the game soon, we are told.

Understand that Sam Benigno, Edmund Fahey III, and Doc Elliott were recently made Lieutenant-Colonels on the staff of Gov. Wallace of Alabama. Quite an honor.

Was something to visit the new modern building of the Hancock Supply Co., Inc. recently constructed near Highway 90. It is owned and operated by Ace Jones, August Rauxet and E. K. MacDowell. All three good sportsmen.

Was recently given a free ticket by one of my friends.

SPORTSMAN OF THE WEEK—Uncle Bud Seller

Uncle Bud Seller is one of our best old time fishermen. He does all kinds of fishing and is ready to go any time. Can tell some interesting stories about fishing over in Louisiana, his home state.

J. C. Baxter with Gus Uran reported catching 25 mule trout and red fish out at the marsh. They do this quite often according to J. C. He is manager at the local yacht club and one of our old-time fishermen.

Chas. Miller of Shoreline Park loves his fresh and salt water fishing. When not doing his favorite sports he watches football and baseball. Had a load of it the past weekend.

Hunters are now looking forward to the opening of the squirrel and rabbit season which opens on October 9th next Saturday. There are a lot of both in Hancock County and there will be a lot of shooting come Saturday.

Ed Oliver Jr. was over from Pascagoula for the weekend. He was visiting his mother, Mrs. Rose Oliver who is 92 years old and his brothers John and Sanford. All are hunters and fishermen and have enjoyed those sports for years. Ed Jr. is with the sheriff in Pascagoula where he is a welder.

A lot of speckle trout were caught at Pole Cat Bend over the weekend but they were mostly small. 53 were caught by Alden Maffray and Yours Truly. Should be some big speckles and red fish at this spot soon. It is to the west of the mouth of Pearl River.

In checking, bad water was found in Campbell's Bayou, Grand Plain, Pearl River, except at the mouth. There are

no bull croakers at the Croaker Hole as yet. We tried them. Should be there soon however.

The first segment of the dove season closed Sunday. Not two many birds were reported killed. The next segment opens in November when shooting should be good. Better start scouting some fields if you are a dove hunter.

With the World Series coming up and plenty football ahead sportsmen will have plenty to watch when hunting and fishing is taboo. Carry a radio when hunting and fishing and keep up with sports while enjoying yours.

Trotting for green trout and speckles should start soon. It is one way of getting them. Trotting for bass is good all during the winter months. Speckles will be caught up Jordan River, Pearl River and Bayou La Croix. Bass are hitting Rebel and Repala baits

already. Caught some last week. Mullet Bayou, Bayou Coward and White are now streams for trotting for bass when the weather gets cold.

Luke Elliott and his hunting buddies won't have much time for fishing from now on. Reason: Too much hunting.

These will be aountable to Scout Executives on Oct. 23, 7:30 p.m. at the American Legion Home. Scouters are invited and should attend. Oct. 24th School Night for Scoutin in the Hancock County - Bay area schools.

A new launching ramp has been completed by the Jaycees at the American Legion Pier at the head of Washington Street on the beach. It is a nice piece of work done by the members of the Jaycees themselves, who should be congratulated. The ramp is an addition to our community and should be

greatly appreciated by all fishermen and boatmen. Thanks, fellows!

Look well before shooting. Know what you are shooting at. It may mean the life of a fellow hunter.

It takes an expert to grade beef!

In our great country we're lucky. Our government trains and employs experts...men who inspect and grade beef at hundreds of locations throughout the nation. They protect you, and retailers, like us.

That's why A&P is happy to have a U.S. government inspector on the premises of our meat plant serving this area.

Also important are A&P's own beef experts. Their job is to see to it that A&P Beef measures up to our own "SUPER-RIGHT" quality standards, standards which don't exactly fit our government's grading categories.

For instance, some beef grades U.S. Choice. Just doesn't meet our "SUPER-RIGHT" specifications.

No wonder we don't hesitate to guarantee that the "SUPER-RIGHT" Beef you buy will be as flavorful and tender as you think it should be, or your money back.

So, you don't have to become an expert to choose great beef for your family...just shop A&P!

COLUMBUS DAY

Make it your day to Rediscover AMERICA

Columbus Day is celebrated on October 12th. On this date 479 years ago, Christopher Columbus discovered a new world.

President Benjamin Harrison, in 1892 called upon the people of America to celebrate COLUMBUS DAY on the 400th Anniversary of the landing of Columbus. A day which has been recognized ever since as a national holiday.

Columbus Day is a time to 'rediscover' America, and take a good look at the bright side of our country. Discover how this land of ours became the richest and most powerful nation in the world.

Time to think about the purpose, ideals and principles that made this country great, and the same kind of DETERMINATION that motivated Columbus to make his historic voyage.
